Handle Company's Men Turn in Total of \$117 for Flood Relief

\$105 FOR BLEVINS

Prescott Reports Total Donations From Nevada County at \$927

Employees of the Bruner-Ivory Handle company contributed \$117 to the emergency flood relief fund. Blevins community reported \$105.50, and, with other donations, the fund climbed to \$1,298.05.

The Blevins drive was conducted by Mrs. Jess and Mrs. Lea Bedford.

R. V. McGinnis, manager of the New Theater, who will present a benefit picture at 11 o'clock Saturday night at 11 o'clock. All proceeds will be given to the Red Cross.

The picture is "Hearts in Little Rock," starring James Dunn, Mac Lark, A. Davis, Manners, Charlotte, and others.

Through Friday night Nevada county had received \$927.74 which exceeds the quota for that county by \$274.74.

Fund by Clergy

D. H. Thompson, Hempstead county clerk, has the following letter from M. B. Baxter, Jr., of the midwestern branch office of the American Red Cross at St. Louis:

"Response to the National Organization's nation-wide fund appeal for flood victims has gained daily momentum since it was begun. Although minimum funds now desperately needed by the Red Cross to lessen suffering represent five times original quotas, many chapters have passed their new objectives and are vigorously continuing their campaigns.

The total now being sought is limited only by the generosity of the American people. Two hundred counties in eleven states have been affected to date. There are 200 Red Cross concentration and refugee camps in operation and 50 field hospitals with 1,000 nurses working under Red Cross direction.

The National Organization is meeting the food, shelter, clothing, and hospitalization needs of those overwhelmed.

"State and federal agencies, as well as religious and fraternal groups, have thrown their full strength behind the Red Cross in this emergency.

"On next Sunday, January 31, clergymen throughout the country are being urged to devote their regular Sunday services to the Red Cross fund appeal.

"The president of the Federal Council of the Churches of Christ in America has issued a national appeal to Protestant churches to respond generously and speedily to the Red Cross fund campaign.

Special collections will be taken up. A copy of the announcement is attached and after prompt clearance with your clergymen of all faiths you may want to use this statement to the press locally."

Turned Brown By Brown Turner

KNOXVILLE, Tenn. — From what you glean from the papers these days you'd suspect that everybody in Russia, Germany and Japan is working overtime on plots against one another. In fact, the plot business seems to be about the only industry prospering except gun making and propagandizing, and it's a lot easier to say the wrong thing than the right over there.

And here it's getting so you can't go into certain drug stores and cigar stores for a box of aspirin without the clerks trying to sell you everything from razor blades to a massage, shampoo and tonic.

Murder Suspect Taken by Sheriffs

Arkansas, Oklahoma Officers Arrest Hollis Draper, Woman

MURFREESBORO, Ark.—(AP)—Sheriff P. G. Coker reported Saturday he and Sheriff Joe Hough of Idabel, Okla., arrested at Grandfield, Ark., Friday night a man he described as Hollis Draper, brother of Claude Draper who is serving a life sentence in the Oklahoma state penitentiary for the murder of three persons near the Arkansas-Oklahoma line five years ago.

Sheriff Hough said Claude Draper signed a statement placing the blame for the murders for which he was sentenced, on Hollis.

Soviet Spares Two in Treason Trials

Radek and 3 Others Get Prison Terms, But 13 Will Be Executed

MOSCOW, Russia.—(AP)—The highest Soviet tribunal, the Military Collegium of the Supreme Court, early Saturday sentenced 13 of the 17 men on trial for treason to be shot. Two of the outstanding defendants, Earl Radek and Gregory Sokolnikoff, were sentenced to 10 years' imprisonment.

M. S. Strolitoff also was given a 10-year sentence. V. V. Arnold received an eight-year term.

The verdict, sparing four men of whom two had been accused of ring-leaders of a Trotskyist plot against the Soviet regime, was delivered after the three judges had deliberated eight hours.

Radek, in his "last words" before the court Friday, admitted his "treason" and said, "we shall pay for our crimes with our heads."

Sokolnikoff, former ambassador to Great Britain, pleaded for the court's leniency.

CARDIFF, South Wales.—(AP)—A new attempt to solve the problem of the distressed areas is getting under way at the Treforest trading estate in South Wales.

Work has recently started on the construction of the first factory on the estate, which is a state-aided venture. Soon hundreds of men, many without jobs for years, will be employed making roads, drainage schemes, and six more factories will be erected in the first half of the coming year.

Gambling Tables at "Spa" Seized by State Agents

Belvedere and 7 Other Clubs Raided—Bonfire at Capitol Saturday

SMITH GIVES ORDER

Sensational Gambling Raid Authorized by Chief Justice Griffin Smith

HOT SPRINGS, Ark.—Night clubs and gambling establishments of this nationally-known resort city were raided by State Revenue Department raiders Friday night, and as a result, gambling paraphernalia estimated to have cost more than \$20,000 probably will be fed to the flames on the state capitol grounds in Little Rock Saturday night.

Headed by Dave L. Ford, state commissioner of revenue and head of the police officers of the department, 17 raiders served writs on a half-dozen places simultaneously at 6 p. m. Two large moving vans from Little Rock trailed the officers, and when the vans were headed back for Little Rock about 9 Friday night, they were filled to capacity with roulette wheels, wheels of fortune, dice tables and other similar paraphernalia.

The swanky Club Belvedere, known as one of the finest night clubs in the country, was one of the first to be raided. It was too early for visitors, so few persons aside from employees, managers, members of the orchestra and newspapermen saw the husky moving van crews pick up the stuff and haul it away.

W. S. Jacobs, owner of the place, sat in an easy chair with his little dog nearby almost in tears. He said he had invested \$375,000 in Club Belvedere. The officers were armed with search and seizure writs issued Friday afternoon by Griffin Smith, chief justice of the Arkansas Supreme Court. Under these writs, the raiders had authority to seize every gambling device found in the places designated.

Six Places Raided

Other establishments raided, all in Hot Springs, were:

Ohio Club

Kentucky Club

Mississippi cigar store

Miller's cigar store

Citizens cigar store

Blue Ribbon bar

Amos Guthridge, Frank Witte, Bob Faust and John Atkins were "captains" of the various groups, all acting under Commissioner Ford.

Apparently those responsible for the raids kept their plans well guarded, as none of the operators had any advance warning. All the places were in operation, customers being found at most of the various gambling tables and wheels.

The raids were said to have been

210 Families Given Aid by RA During 1936 in Hempstead

Loaned \$23,000 for Supplies, \$2,000 for Livestock and Equipment

\$27,000 IS REPAID

100 Have Full Feed Supply, and Others at Least 75 Per Cent

A comprehensive picture of what the Resettlement Administration accomplished last year in Hempstead county the rehabilitation of low-income farm families with small loans and expert assistance is contained in the annual statistical report submitted to the state office in Little Rock.

With the advice of the county Agricultural Advisory Committee, the county office of the RA set up a total of 210 families at the beginning of the 1936 crop year. A total of 196 families were carried through the entire year.

RA Loans

The RA lent these families \$23,693.60 for subsistence or non-recoverable goods and \$23,350.22 for the purchase of recoverable or capital goods such as work stock, milk cows, hogs, poultry, prepared cookers, fruit jars, and farming implements.

Up to December 1, the RA had collected \$27,279.17 on these debts.

Of the total number of families, 84 made one-mule crops and 97 made crops with two or more mules. One cow each was owned by 105 families and 72 owned two or more.

Feed for 1937

As a result of their farming activities last year 196 families have sufficient feed for 1937 and the remainder have 75 per cent enough to last their year. Clients earned a total of 83,063 quarts of food, an average of 433 quarts per family.

Interest in outside activities is shown by the fact that 104 women belonged to Home Demonstration clubs and 32 boys and 23 girls belonged to 4-H clubs.

The Farm Debt Adjustment unit of the RA settled 80 cases in 1936, reducing indebtedness from \$118,213 to \$86,186 and making possible the payment of \$1,130 in taxes on 8,584 acres of land.

Funds now available for the 1937 rural rehabilitation program will permit loans averaging only \$104 per family, it was announced.

To Produce Silk

CELLE, Germany.—(AP)—One hundred million mulberry trees are to be planted in Germany to feed silkworms in a big scheme to raise natural silk at home.

A branch of the Labor Front the "Reichsfachgruppe Silk Producers" has been charged with the wholesale distribution of silkworm eggs and later will buy up cocoons and manufacture silk from them.

He pledged Germany's loyal cooperation in the problems besetting humanity.

He renounced German "isolation." He asked friendship with France.

Levee Blasted to Save Cairo

NEA Service.

TOP—This mighty blast opened a 75-foot gap in the levee near Bird's Point, Mo., above Cairo, Ill., and its accompanying roar was a crashing pean of safety for 14,000 Cairo residents but tremendous signal of disaster for the 5000 farmers who lived in the 130,000 acres flooded when the gap was opened. One of the troop-guarded engineers who set off the blast, is shown (arrow) dangerously close to the spiraling earth and concrete sent high in the air by the explosion.

BOTTOM—Cairo, hemmed in at the arrow-head shaped tip of Illinois between the Mississippi and the Ohio rivers, is grimly battling behind a sixty-foot sea-wall to escape the fate of other Ohio river cities. This photo shows men adding an earth levee to the top of the sea-wall, with the silent fury of the river less than a foot away.

Tremblor Strikes Mississippi But Does No Damage

Terror Added to Flood-Threat Menacing Refugees Along the River

CRISIS FOR CAIRO

Water Within a Foot of Top of Sea Wall—An All-Time Record

By the Associated Press

A fresh host of dangers—earth tremors, crumbling levees, rising waters—punctuated the weary struggle of man against the river along a 1200-mile flood trail Saturday.

Brief-lived but terrifying, the earth trembled ominously near Tippecanoe, Tenn., in the area where a century ago an earthquake formed vast "heel-foot" lakes out of the river.

The tremor striking new fear into tragedy-numbed refugees huddled behind the dikes, came shortly after 3 o'clock Saturday morning.

A hasty examination by engineers indicated the earthen walls were not breached.

With 60 billion tons of water cresting down the Ohio river valley in search of lower levels, the dramatic defense of Little Cairo, Ill., neared its climax.

Water crept within a foot of the 60-foot concrete sea wall, the highest stage in the city's history.

Ohio Falling Above

CINCINNATI, Ohio.—(AP)—The Ohio river had returned to its banks Saturday from Pittsburgh to near Marietta, and was falling from there to Owensboro, Ky.

Below Owensboro the river rose slowly or was about stationary as far as Evansville, and rose slowly at points below.

The Mississippi was more than 10 feet above flood stage at Memphis and Helena.

Clear 150-Mile Stretch

MEMPHIS, Tenn.—(AP)—United States engineers Friday ordered removal of livestock and household goods along the 150-mile stretch of Mississippi river front from Hickman, Ky., to the mouth of the White river, in Arkansas, in a precautionary move to assure orderly evacuation of residents in event of an emergency.

The big river, rising to heights never before reached, threatened life and property and 15,000 additional men were pressed into the pick and shovel army of 100,000 battling to keep the main line intact from Cairo to New Orleans. The need for labor sent wages from 15 to 35 cents an hour for "hands."

Arrange for Livestock

Because the movement of livestock requires considerable time it was decided to move stock to concentration points in those areas where the possibility of loss of life may develop suddenly. The engineers are aware that thousands of lowland farmers will refuse to leave their flooded homes until they know their possessions are safe.

Lieut. Col. Douglas H. Gillette said that "arrangements are being made to move livestock in the following areas: Hickman, Ky., to Fulton; West Memphis to the mouth of the St. Francis river, Helena to the mouth of the White river."

Meteorologist F. W. Brist said that although conditions are unsettled there is no immediate prospect of rains sufficient to affect the river and that his previous prediction of a probable crest of 48 feet on the Weather Bureau gauge here still stands. The river reached a stage of 44.75 feet here at 3:45 p. m. Friday.

Pneumonia and Influenza

A wave of pneumonia and influenza swept Memphis. Dr. J. Logan Morgan, in charge of medical treatment, said that one-fourth of the flood refugees here were stricken. About 25,000 local residents are suffering from one or the other of the ailments.

The flood and weather death list reached 46 in Arkansas, Mississippi and Tennessee.

Transfer of thousands of Memphis' refugees started with the exodus of more than 3,000 to Birmingham and other cities and towns in Tennessee. Others were being shifted as transportation facilities permitted.

**Built By CHRISTIAN SLAVES**

**SULTAN JAKOB ABEN JUSEF**—who called himself "El Mansur," the victorious, avenged the death of his father in 1184 by wiping out the Spanish army at Santarum. His men pillaged and burned the cities, destroyed the crops, and carried back to Morocco thousands of Christian men, women, and children.

Before he set forth on another expedition to Spain, he cramped his men on a plain across the river from Sale, and so moved was he at the sight of the camp that he decided to build a new city. This became Rabat, now capital of Morocco and seat of the French colonial government.

Thousands of Spaniards, brought there in slavery, were used to build the great wall that surrounded the old city mosque that now is marked by a few columns, and the Tower of Hassan, memorial to an earlier Moorish chieftain. This tower appears on three types of stamps issued by France for Morocco in 1917, 1923, and 1933. The stamp of 1923 is shown here.
